SAFETY FIRST, VOTE THE REPUBLICAN TICKET

FAIL TO AGREE TO G.O.P. TERMS

Bull Moosers and Democrats Stick Together and Clean Election Agreement is Not Signed.

THEY DISAGREE ON METHODS

Republicans Declare They Had Intended and Still Intend to Conduct Election Legally.

The election tomorrow will proceed without any clean election agreement being signed by the three parties. It was impossible for the Democrats and Moosers to agree with the Republicans on the agreement and as far as the Republicans are concerned the matter has been dropped.

Chairman Trabue of the Democrats and Chairman Macey of the Bull Moosers opposed the plan of the Republicans to employ one good detective to watch all three parties and when the meeting ended late Saturday afternoon the agreement was as far from being reached as it was a month ago. The Bull Moose representative stuck firmly with Democrats and Chairman Riggs refused to give in, believing that his plan was the best.

The Democrats did offer to make one concession and that was the removing of Russell Bebout as inspector from precinct number one in Rushville township. The committee appointed Saturday morning convinced Bebout that it would be best to resign and this he did, subject to the signing of the agreement. The Democrats and Moosers refused to accept the plan suggested by the Republicans and this, in short, accounts for the failure of the clean election agreement being signed.

The Republicans maintained that one good honest detective could do more good than one employed by each of the political parties. If there were three detectives on the job each would be jealous of the other and instead of going good they would work for their personal interests instead of that of the party they represented. The Republicans would have a non-partisan committee use the \$600 deposited by the three parties to employ a detective from the Burns or Pinkerton agencies.

For this amount of money a good, reliable man could be secured and he would not be partisan. The plan, as turned down by the Moosers and Democrats, was for a committee of three to employ the detective and he would not even be known to the leaders of the three parties. In this manner he could watch Republicans, Democrats and Progressives alike and would have no more interest in one than in the other.

Chairman Trabue stated that he did not like this plan as they had intended to bring detectives here anyway. His idea was also sustained by Macey and it was taken that if these two parties will have detectives here there was really no use of signing the clean election agreement as the Republicans intended in the first place to conduct the election along lawful lines and simply wanted to make sure that the other parties did the same.

The Republicans believe that if either of the two parties wanted a clean election as badly as they said they did it would have been an easy matter for them to have met the

IS FOUND DEAD IN BED

James A. Siders, Age 84, Expires at Poor Farm Sunday.

James A. Siders, 84 years old, was found dead in bed yesterday morning at seven o'clock at the county asylum. An inquest was held and death was found to have been caused by heart disease. He had been at the county farm for the past five years. Mr. Siders was eighty-four years old last Friday. He is survived by one sister, Mrs. Susan Siders. The funeral services were conducted this afternoon at two o'clock at the poor farm and burial took place in East Hill cemetery.

WOMAN THROWN OUT OF AUTO IS HURT

Mrs. B. C. Garver, Wife of Greensburg Hardware Merchant, Suffers Broken Arm and Ribs.

ACCIDENT NEAR HERE SUNDAY

Mrs. B. C. Garver, wife of a Greensburg hardware merchant, was seriously hurt Sunday in an automobile accident near the home of Hal Green a short distance north of the city. Her husband and daughter, and Mr. and Mrs. Arthur Croff and son, also of Greensburg, were not hurt by the machine overturning when it struck some fresh gravel.

Mrs. Garver suffered a broken rib, a broken arm and one badly lacerated hand. Although she is sixty-two years of age, it was the belief yesterday that she would recover. Dr. Frank H. Green was called and attended to her injuries.

The crowd was riding in a light touring car. When they ran into some fresh gravel while going at considerable speed, the car lurched to one side and turned over. Mr. Garver was thrown out and was not pinned under the car.

DIRECTORS OF NEW HAVEN ARE INDICTED

True Bill Returned Against 21 This Afternoon Under Sherman Anti-Trust Law.

BIG BUNCH OF MILLIONAIRES

(By United Press.)

New York, Nov. 2.—The largest aggregate number of millionaires ever accused in a single court transaction were indicted in the United States district court here today accused of violating the criminal clause of the Sherman anti-trust law. Included in the number are all of the directors of the New Haven railway system who were in charge of the operations of that corporation when it was taken into its system the various transportation systems of New England.

These directors, among whom are William Rockefeller of the Standard Oil corporation, Theodore N. Vail of the American Telephone company, Robert W. Taft, distant relatives of the former president, Lewis Ledyard, leading American lawyer and all of the millionaires who have been affiliated with the New Haven system, numbering twenty-one.

SHORT COURSE TO BE HELD HERE

Meeting Saturday Afternoon Decides to Bring Purdue Institution to Rush County.

WHAT ORGANIZATION WILL DO

Local Expenses Are Defrayed by Sale of Membership Tickets at Fifty Cents Each.

At a meeting in the court house assembly room Saturday following the annual meeting of the stockholders of the Rushville County Fair association, it was decided to hold a Purdue short course here some time next February. The short course will be for three days and the exact date will not be known, probably before next month, as Purdue will not have its schedule arranged before that time.

On the motion of W. A. Alexander, it was voted to appoint the necessary committees to make up the organization as suggested by Purdue university. There was a motion, also, that the chairman of the meeting appoint a committee on committees and it was passed.

E. B. Thomas, chairman of the Purdue extension committee of the Rush County Chamber of Commerce, presided and G. M. Frier, associate in charge of Purdue short courses and exhibits, explained the plan of the short course and what would be expected from Rush county.

Shortly after the election Mr. Thomas will name a committee which, in turn, will pick the committees which will arrange for the short course. These committees will consist of farmers and business men. It was explained by Mr. Frier that there was a great deal of work for the local committee to do and that it was wise to distribute the task among several active committees.

There will be appointed a committee on advertising and printing, one on sale of tickets, one on rooms, another on corn and still another on domestic science.

The expenses of the short course were carefully gone over by Mr. Frier. He said that \$200 would in

CONSCIENCE IN POLITICS NEEDED

Rev. A. D. Batchelor Wonders Why Political Parties Have to Agree Not to Buy Votes.

A PRE-ELECTION SERMON

Is This a Confession, He Asks—Office Should Seek Man, Not Man the Office, Pastor Says.

Last night at St. Paul's Methodist church, Rev. A. D. Batchelor had for the subject of his sermon, "The Citizen and his Conscience." It was a pre-election sermon which argued for the exercise of the conscience in public affairs. The text was Acts, 23:1, "And Paul, looking steadfastly on the council, said, 'Brethren, I have lived before God in all good conscience until this day.'"

He said in part:

"The text literally reads, 'I have lived as a citizen before God in all good conscience.' It is therefore the citizen's conscience of which he speaks. Paul had been accused of being an 'undesirable citizen.' This text is his answer to the accusation. Paul had the same conscience for his public as for his personal affairs. His viewpoint teaches us that citizenship has no permanent basis in mere patriotic feeling or party spirit. It must be as deep as conscience."

We need a conscience in the use of public office. The end of an office is to serve the public. We have assumed that it is a reward for political services. Hence we have prostituted its lofty functions to base ends. We have considered it as a means of livelihood rather than an opportunity to serve the people. This theory of an office is responsible for graft and public extravagance. If an office was conscientiously regarded we should make the office seek the man and not permit the man to seek the office.

We need a conscience in our public elections. In these latter days we hear of 'election agreements.' Is this a confession? Why should political parties have to agree not to purchase votes? Why have not politicians

PUTS BLAME ON CARRANZA

U. S. Government Addresses Sharp Note to Constitutionalist Head.

(By United Press.)

Washington, Nov. 2.—In a sharp note to Carranza this afternoon, the government placed the responsibility in evacuation of Vera Cruz squarely upon the first chief of the Constitutionalist. It declared that the evacuation could not be made until Carranza had guaranteed protection to Americans in the city and until there had been satisfactory disposal of the customs receipts question. Further, it was indicated, that no government in Mexico will be recognized without such guarantee.

DOCTORS WIN IN MALPRACTICE SUIT

H. H. Elliott and J. T. Paxton of This City Victorious in \$15,000 Damage Case in Shelbyville.

OVER FORTY BALLOTS TAKEN

Drs. H. H. Elliott and J. T. Paxton of this city won Saturday night in Shelbyville in the fifteen thousand dollar damage suit brought against them by Harold Cheney, son of Mr. and Mrs. Carlton Cheney of near Glenwood. The jury in the Shelby county circuit court received the case Saturday afternoon at four-thirty o'clock and ballooned until ten-thirty o'clock Saturday night before reaching a verdict for the defendants. Over forty ballots were cast, it is said.

Malpractice was alleged in the suit brought by the boy, the same as the allegations of the first suit for ten thousand dollars, filed by Carlton Cheney to recover for the loss of his son's services. The first case was won by the defendants, also, in Shelbyville, where both were sent on a change of venue. Cheney alleged the doctor's treated an unimpacted fracture in the boy's hip as rheumatism and the defense was that they treated the injury for just what it was, an impacted fracture.

Watson, Titworth & Green for the defense and John H. Kiplinger for the plaintiff, were the local attorneys interested in the case. It has been in progress three weeks and was one of the hardest ever fought in Shelby county.

GEORGE WEEKS DIES SUDDENLY

Expires Sunday Morning From Ulcer Between the Esophagus and Aorta, a Large Artery.

AN AUTOPSY REVEALS THIS

Poor Health Caused Him to Give up Horse Training—First Death in The Elks Lodge.

George Weeks, 47 years old, a well known resident of this city died Sunday morning about ten o'clock at his home in West Fifth street after a brief illness. Death was found to have resulted from an ulcer between the aorta and esophagus. Last Thursday evening Mr. Weeks suffered from hemorrhages and these gradually grew more violent until the end came.

He had been in poor health for the past two years but had never taken to his bed and Thursday was down in the business district. For this reason his death came as a great shock to his many friends and relatives. Mr. Weeks was preparing to spend the winter in Arizona for the benefit of his health. It was first thought he was suffering from lung trouble but an autopsy revealed the real cause of his death.

George Weeks was a son of the late Nathan Weeks and had lived all his life in this city and on his farm south of here. He was born September 15, 1867. For many years Mr. Weeks was engaged in the training of horses and in this line met with much success. He gave up this work when his health began to fail. George Weeks was highly respected by all who knew him and he enjoyed a large acquaintance not only here but in the surrounding cities.

He was a member of the Elks lodge. His death is the first in the local lodge since it was organized. Mr. Weeks is survived by his mother. A brother, Ulysses L. Weeks, died a few years ago.

The funeral services will be conducted Tuesday afternoon at two o'clock at the late residence by the Rev. A. D. Batchelor. Burial will take place in East Hill cemetery and will be in charge of the Elks lodge.

The Real Test of Value.

Publishers of magazines and periodicals of a general nature are frequent newspaper advertisers.

They recognize the daily newspaper as the medium to use when they want to make actual sales of their product.

Announcements in the newspapers send people to the stands to buy the publications.

In just the same way the advertising of any National product in the newspapers sends customers to the local retailers to make actual purchases.

Of all forms of advertising none equals the newspaper for making sales.

After all that is the real test of advertising value—don't you think?

Clean Election Bluff Is Called

(Editorial)

The bluff of the Democratic and Progressive county central committees has been called by the Republican committee. The Progressives and Democrats hoisted their chaste banners and began crying for a clean election. Insinuations—but no direct charges—of vote buying in past campaigns were willfully made. The two committees wanted a clean election "agreement," nothing more, nothing less.

Desiring to see something worth while in this direction done, Fon Riggs, Republican county chairman, made a proposal to the Progressive and Democratic county chairmen. He addressed a letter to them, stipulating that each of three parties should post \$200 as an evidence of good faith and further to defray the expense of employing

a Burns detective or one from some other reliable agency to catch election law violators here Tuesday. The last stipulation of the agreement was that the election board of precinct No. 1 in Rushville township should be changed because the same board was appointed as served in the same precinct in the city election last November when thirty-one Republican voters were disfranchised in Rushville precinct No. 1, by their ballots being mutilated with pencil marks on the back. This request was made to relieve any apprehension on that account and to give the Democrats further opportunity to prove their good faith.

But what happened at the meeting Saturday afternoon? The Progressives and Democrats, allies against the Republi-

on any article of merchandise he has to sell. One of two things has happened—He has either lost confidence in his own judgment and is afraid his ware will not sell at the price he placed on it, or he is playing you, Mr. Buyer, for an easy mark and is simply using cut price advertising for bait and if you are a fish and like the bait, he is going to land you. If a merchant puts an honest profit on what he has to sell when he first offers it for sale, it will remove all temptations to cut prices. Wouldn't you rather buy what you need from the man that has one price and especially when that price is lower than the cut prices of his competitors, and you don't have to wait until a sale day to get what you want. If you want to trade where you pay the same price every day in the year and where you don't pay any more any time than the other fellow, we want to sell you your buggies. And as to the styles, we have all the new ones in storm buggies there are on any market, but you know where the styles all originate. Remember, we sold Colonial styles two years ago. Packers Send Protest to Washington, Declaring 60,000 Men Will be Thrown Out of Work.

(By United Press.)
Chicago, Nov. 2.—Drastic steps to stop the ravages of the hoof and mouth disease among live stock in Indiana and Illinois were taken today. The Chicago stock yards, the largest in the world, and all stock yards in the states of Ohio, Indiana, Illinois and Michigan were ordered closed to hogs, cattle and sheep by federal authorities.

After ten o'clock tonight no sheep, cattle or hogs may be received at the Chicago stock yards affected by the quarantine order. An exception is made in case of live stock enroute to the Chicago market.

The ban is also put on shipments of live cattle, sheep or hogs from the Chicago yards.

Only horses and poultry are not affected by the order.

Following the order the price of

live hogs jumped twenty-five cents a hundred over the opening.

The big international live stock show set for December in Chicago was called off today.

Following a conference this afternoon representatives of the big packing houses sent a telegram of protest to Washington declaring the quarantine orders would throw out of employment nearly 60,000 men employed in stockyards plants and bring higher meat prices at once. The packers expect to see the quarantine order modified as the result of their protest.

Berlin War Office Sees Brighter Prospects Than Any Time Since Fight Began in North.

DECISIVE POINT IN GALICIA

(By United Press.)
Berlin, Nov. 2.—(Via wireless through Sayville, L. I. to the United Press).—A statement issued by the official press bureau today says the situation along the battle line in France is considered far more favorable than at any time since the fighting was extended into the North. It asserts that the fighting in Russian Poland has not recommenced but that the battle in Galicia seems to be approaching a decisive period.

The progress of the battle in the Northern French front localities is considered here as highly favorable," the statement declared. "Yesterdays report, which shows that the French have been thrown across the Aisne near Soissons and that the operations have already extended to the west front of Verdun, is regarded as the best issued in some time. Letters from the front describe the fighting between Neuport and Ypres as probably the fiercest of the entire war. The Germans have forced their way southward by repeated night attacks. After reading the public statement of this representative citizen of Rushville given below, you must come to this conclusion: A remedy which proved so beneficial years ago with the kidneys, can naturally be expected to perform the same work in similar cases. Read this:

Harrison Levi, 931 North Sexton street, Rushville, Ind., says: "I had to get up several times at night to pass kidney secretions which were sometimes attended with pain. I had severe backaches too. I finally got Doan's Kidney Pills at Johnson & Co.'s Drug Store and it did not take them long to make me well. The pains left and the action of my kidneys became regular. I am now free from kidney weakness. I am glad to confirm what I said about Doan's Kidney Pills in my former endorsement."

Amusements

The Princess will show a two reel feature "Seven Sealed Orders" for the first picture tonight. Richard Travers is featured and it is said to be a thrilling drama in which oriental mysticism mingles with modern methods. The other is a Biograph comedy entitled "Spending it Quick." Tomorrow night Marin Sais will be seen in the feature "The Primitive Instinct."

The Gem offers a two reel Rex drama "For Secret Service" for the first picture tonight. Bob Leonard and Ella Hall are featured and it is said to be a thrilling drama. The other is a Sterling comedy "Snoo-kee's Disguise." Tomorrow night the two reel Victor "The Counterfeiters" will be the attraction.

The Mystic will show a two reel Kalem "The Cave of Death" for the first picture tonight. Princess Mona Darkfeather is featured and it is said to be a thrilling story of the desert. The other is a Lubin comedy entitled "The Kid's Nap."

In bringing the Williams' World Famous Colored Singers to this city, to appear at the U. P. church on Wednesday night, Nov. 11, Rushville will hear the very best combination of trained Negro voices in existence.

Each member of the company is a soloist of ability, and, from their having sung together for ten years with scarcely a change in personnel in the Company, the harmonizing of voices is most remarkable.

"The Yellow Ticket," which opens

a week's engagement at English's Opera house in Indianapolis Monday night, is a most powerful drama, one of the big successes of the season, dealing with the Russian autocracy and its cruel and inhuman treatment of the Jews. Oscar Straus declares: "I know from an intimate knowledge of actual conditions that 'The Yellow Ticket' is not only based upon facts, but is fact. It grips the attention of the audience from beginning to end." The play is intensely interesting, gripping and powerful, and it is brilliantly acted by a company which includes Miss Belle Mitchell, Paul McAllister, W. L. Abingdon, Arthur Maitland, John Rav-old, Robert Cummins, Dorothy Ellis, Reginald Carrington, Leo Kennedy and others.

Local Paper Boosts Lynch

The Indiana Labor Bulletin, organ of union labor, has the following to say in its current issue in support of P. J. Lynch, of Newcastle, Republican candidate for Congress in the Sixth Indiana district:

"Of the three men who are seeking support among the voters of the Sixth district as candidates for Congress, P. J. Lynch, of Newcastle, the Republican nominee, is the only employer of labor. Mr. Lynch knows the game of toil and he knows the wants and needs and the trials of the laboring man. Twenty-two years ago Mr. Lynch was wheeling a wheelbarrow for a dollar and a quarter a day. He made his start by the sweat of his brow and his experience has been such that he will 'always' whether in Congress or not, appreciate the position of the laboring man.

During the last twenty years Mr. Lynch has paid out more than a million of dollars to men in his employ. At the present time he is a large employer of labor and his employees are active and enthusiastic in his behalf as a candidate for Congress.

One of Mr. Lynch's opponents in the present contest is a preacher and the other is a lawyer—neither of them is an employer of labor.

The laboring men of the Sixth district will make no mistake when they cast their votes for P. J. Lynch, the republican nominee for Congress."

CLEAN ELECTION
BLUFF IS CALLED

Continued from Page 1.

cans, lined up together and opposed the plan suggested by the Republican county chairman. They refused to post \$200 each to show good faith in the election agreement and to hire a detective to catch law violators. The Progressive and Democratic chairmen proposed that each party hire its own detectives to watch for violations of the election law.

The Republican county chairman saw in the proposal no chance for a square deal. The progressives revealed where they stood by lining up with the Democrats as they always have done. It was a case of two to one. The odds were too great. Besides, the Republican county chairman, and rightly so, believed that an outside detective, unknown to everyone, could accomplish more than men appointed by the three parties. They would be partisan in their efforts. They could not help it. The Republican proposal further stipulated that the fund of \$600 should be used to prosecute violators of the election laws if any were caught. The employment of a detective was to be left in the hands of a non-partisan committee, under the Republican proposal.

Could anything be fairer than that? Is there an unbiased citizen who can prove one objection to such a plan for a clean election? But the Democratic and Progressive party leaders, who drew their pure white skirts from the muddy mire of politics and shouted from the housetops that they wanted a clean election, balked when the clear-cut plan for a clean election was put before them. They proved their insincerity. They showed they do not want a clean election.

If the gentlemen of the Progressive and Democratic committees want a clean election, why do they not agree to such a simple plan? Nothing is to be lost thereby. Surely, they do not stand back because of the sum involved! It would be money well spent if it were necessary to use any of the fund for the prosecution of election law violations. The employment of a good detective would not use up the \$600, probably not a sixth of it. So it can't be because of fear of wasting money.

And the Democratic and Progressive party leaders, under the Republican proposition, were not restricted in any way. They could still, had they signed the Republican agreement, have employed any number of detectives they liked to look after their own interests if they thought it necessary.

But they did not want a clean election. That is so plain that any well meaning blind man could see it.

The Progressive and Democratic party committeemen have shown their colors. We all know where they stand now. Their "righteous" cries for a clean election were for effect. The Democratic party has been working this old "clean election" issue every campaign. It is dusty with age. But when the time arrives to "show hands," the Democratic party leaders "hedge."

The issue is squarely before the people now. The Republican county chairman announced today that he and his committeemen were going on with their plans for a clean election. He said that the Republican party in Rush county was going to be protected.

If the bi-partisan combination wants to show that it is sincere in its vociferous demands for a clean election, there is time yet.

Gentlemen, you can still get out from under this dangerous position in which your acknowledged chastity has placed you. The Republican proposition is still open. If you mean that you want a clean election, accept the terms of the contract.

What Our Neighbors
Are Talking About

The Obnoxious War Taxes.
(Cincinnati Enquirer.)

The platforms of the Democratic party for decades have declared for a tariff for revenue.

The sentiment of the rank and file of the Democratic party has never favored a direct tax upon the people, and cannot fail to be opposed to the levying of such a war tax in the time of profound peace.

The Administration made an egregious political blunder when it failed to revise the tariff law so as to produce the revenue it needed, and instead of that proceeded to tax business men in a multitude of forms and to place taxes upon the masses of the people for many of the necessities and conveniences of life.

For many years business has been made the target for attacks, the beast of burden for taxation, the tribute payer for cities, for states and for the nation.

From the smallest dealers to the stockholders of the largest corporations the business men have been made to bear the brunt of all agitations, all evolutions and revolutions, all schemes of theorists, all follies of so-called reformers, and now they are saddled in numerous instances with the new and uncalled for form of Federal taxation, inspection and annoyance. In a thousand ways are the masses of the people called upon to give up their cash under the demands of this obnoxious system of taxation which the Congress of the United States has recently voted upon them.

Not a telegram nor a telephone message, costing 15 cents or more, but has to pay a tax to the Federal Government through this action of the Congress, whose majority went into office promising to reduce the taxation burdens of the people.

The promised reduction of the high costs of living has not yet gladdened the households of the working men, but the stamp taxes of the war levy will soon make their appearance in every home.

That tax is anti-Democratic in its inception, its application, and in its effects upon the sentiment of the people of the United States.

Its placing upon the statute books at this time was unnecessary as a financial measure, and a piece of folly as a political act. The revenue could have been raised through a revised tariff law.

WATCH YOUR BALLOTS

Republican voters in Rush county are urged to see that their ballots are not mutilated November 3. Republicans may profit from an experience in the first precinct in Rushville in the city election last November when thirty-one Republicans were disfranchised. Thirty-four ballots were mutilated by being marked on the back with a lead pencil. Thirty-one of the ballots thus destroyed were Republicans, two Democrats and one Progressive. The Republicans have no representation on the election board. The warning is simply given that Republicans should watch their ballots. Voters can not put their ballots in the box, but they can watch them inserted.

SEVEN THOUSAND WINDOW DISPLAYS.

Evidence of a Unique Fraternity.

F. B. Johnson & Co., of this city, in connection with nearly seven thousand large retail druggists all over the United States, is joining in making a big display of Vinol during this week of November first, which indicates the fraternal conditions which exist among the retail druggists who are Vinol agents, all over the United States; in fact they are organized into what is called the Vinol Club throughout the country, from coast to coast. Twice a year they make simultaneous window displays of this valuable preparation, for which they have enjoyed the exclusive sale for many years.

Traveling salesmen and tourists often remark and wonder how it is that they see such fine displays of Vinol in every town where they go during Vinol Week, spring and fall, and ask what it means.

The attractive window displays that these enterprising druggists make are a feature of their store, and they are to be congratulated upon their connection with Vinol and enterprise in this respect.

Health--How to Preserve It Disease--How to Prevent It

Prepared for the United Press by Dr. J. N. Hurty
State Health Commissioner

(Dr. Hurty will answer questions on prevention of disease, hygiene and sanitation. Questions requiring a personal answer cannot be considered. To avoid delay, address all questions direct to the UNITED PRESS ASSOCIATIONS, 36½ West Washington St., Indianapolis. Questions may be sent to THE DAILY REPUBLICAN if preferred.)

L. A. Writes—"My daughter of 17 has complained for a year of black spots before her eyes. To what is this due and where should she go for treatment?"

Reply—It would take a careful examination and study to determine the cause of the "black spots" before your daughter's eyes. I therefore advise you to take her to a doctor who will study her carefully and find out which one of the many causes lie at the bottom of the trouble in this instance.

L. M. K. Writes—"Is circumcision necessary or helpful? When should it be done? Should I take my child to a hospital?"

Reply—Circumcision is not always necessary but it is quite always helpful. I advise that it always be done, and done as early in life as possible. It is not necessary to take the child to a hospital.

Anxious Writes—"Can one take too much sodium phosphate?"

Reply—Yes, it is possible to take too much sodium phosphate. It is possible to take too much common salt and too much vinegar. Every substance which is foreign to the body should be introduced with great caution and in great moderation. Sodium phosphate is not a natural constituent of the body except to a slight extent.

B. Rushville, Writes—"What are the Wasserman and tuberculin tests?" Should they be applied to a child?"

Reply—The Wasserman test is a reaction of the blood by which it can be determined whether or not a person has syphilis. It is a very com-

plicated reaction and is valuable only in the hands of skilled persons. To make the Wasserman test a very little blood is drawn from a vein and the person is therefore never injured in the slightest. The Tuberculin test tells whether or not a person has tuberculosis and should not be applied except by and under the directions of a skilled physician. The Tuberculin test is very valuable.

A. K. Writes—"When I awake I am timid and nervous, often terribly frightened. Is there anything in mental science, or will will-power help. Several of my family have died and I think I have all their symptoms. I am a woman twenty-five years old."

Reply—You should ask yourself why you are timid and nervous and often terribly frightened. It is probable your nutrition has run down and that your digestion is not right. The case is too much complicated to make any recommendations for cure at a distance. You should consult a good physician in whom you have confidence.

DR. J. N. HURTY.

HERE IS WHAT WAR TAX MEANS

Two Cents Must be Paid on all Telephone and Telegraphic Messages Costing Over 15 Cents.

IS EFFECTIVE DECEMBER 1

Local Amusement Places, Banks, Real Estate Brokers, Tobacco Dealers all Have to Pay.

In addition to the exorbitant rate of \$3.60,—the highest ever known,—which Democratic administrations have brought, local business will now assume the following additional burdens under the new Federal Tax Law:

Bonds, certificates of indebtedness, etc. 5c per \$100.00.

Sales of stock 2c per \$100.00.

Promissory notes, 2c per \$100.00.

Freight and express shipments, each 1c.

Telegraph and telephone messages over 15c, each 2c.

Certificates of all kinds, 10c. each.

Agreements for sale, 10c. each.

Deeds and transfers of real estate 50c for each \$500.00 or fraction.

Insurance policies 1c for each \$1.

Indemnifying bond 1c for each \$1.00.

Miscellaneous drugs 1/8 of 1c for each 5c value.

Voting proxies 10c each.

Protest, etc. 25c each.

And many others too numerous to mention.

Local banks will pay from \$100 up in addition to the burden already imposed on them by law.

County banks \$1.00 for each \$1000.00 of capital and surplus.

Local amusement places will have to pay in addition to city license fees from \$50 up.

Each billiard and pool table and bowling alley, \$5.00.

Real estate brokers \$20.00, each.

Pawn Brokers, \$50.00 each.

Tobacco dealers \$4.80 and up.

Tobacco Manufacturers \$6.00 and up.

These and numerous others not herein mentioned will be payable December 1, 1914, and the aggregate of such taxes will run thousands of dollars per year for Rush county alone.

FAIL TO AGREE TO G.O.P. TERMS

Continued from Page 1.

terms suggested by Chairman Riggs. But the ending of the election agreement came as no surprise as the Democrats for years have been the first to yell for a clean election and the last to agree to terms. It was a fair proposition and now that they would not put up, the Republicans hope that the matter is dropped for their bluff was called and if received no backing. The Democrats have been the first to raise a kick every election and in the showdown they failed to come up to the mark.

As far as the Republicans are concerned the election will be conducted along lawful and legal lines, just the same as if the agreement was signed. The Republicans had thought of nothing else and hoped to see the other sides do the same. The Republican voters are aware that they have no representation on the election boards and all will watch their ballots carefully.

LOCALS RUN UP BIG SCORE ON MICKEYS

Game Finally Ends With Rushville on Long End of 76 to 0 Count —Visitors Outclassed.

KAPPAS HAVE LITTLE TROUBLE

The Rushville independent football team swamped the Mickey Athletic local team did not have to exert much strength to roll up a score of seventy-six points as the Mickey team did not put up much opposition.

The Rushville team started on the jump and played rings around the Mickey team. Not once during the game did the visitors make first down which would show they were outclassed. The Rushville team was on the offensive throughout the game and the Mickeys did not get a chance to show anything, even if they had it.

The Rushville team outweighed the Mickeys and throughout the contest many substitutions were made several new men being given a chance. The Rushville team used a little of everything in piling up the seventy-six points. Straight football, forward passes and end runs all netted gains. The game was too one-sided to be very interesting the greatest interest being used to see just how big a score could be made. The game yesterday gives a good line on Rushville and Shelbyville. Last Sunday Shelbyville defeated the Mickeys 52 to 0 and a comparison of the scores show Rushville has the edge on Shelbyville. These two teams will meet in the near future. The Mickeys had two former Rushville boys in their lineup, Willie Davis and Joe Geraghty.

THREE DEATHS ARE AUTOMOBILE TOLL

Fourth Person May Die as Result of Mishaps in New York City Over Sunday Alone.

MOTOR DIES ON R. R. CROSSING

New York, Nov. 2.—Three dead and one so terribly injured that there is scant hope for recovery was the toll of automobile accidents in and around New York Sunday.

Miss Geraldine Johnson, 25 of Washington, D. C.; Dr. Gerald West, 52 and Mrs. James E. West, mother of Dr. West, were instantly killed and Dr. Wm. West was perhaps fatally injured when the engine of the automobile in which they were riding stalled directly across the railroad track at Alice street, West Haverstraw, in front of an approaching train. Engineer Frohling tried to stop, but the distance was too short.

THREE MEN DIE IN A FIRE

Industrial Hall of Volunteers of Volunteers of American Burns.

(By United Press.)

Columbus, O., Nov. 2.—Three men died in a fire that partially destroyed the industrial hall of the Volunteers of America here early today. An overheated stove caused the fire. Eighteen roomers escaped. The dead are David Cameron, 48, Pittsburgh; R. E. Butler, 52, Cleveland and John Talbott, 70, Columbus.

An eight and one-half pound girl was born this morning to the wife of Jesse Downey in North Sexton street.

ELECTION MEANS MUCH TO WOMEN

Election Means More to Cause Than Than Any Ever Held, Both Suffragists and Antis Admit

13 STATES HOLD INTEREST

In Seven of Them Constitutional Amendments Permitting Women to Vote Are up.

(By United Press.)

Washington, Nov. 2.—The election to be held Tuesday will be the most important to the cause of woman suffrage ever held, according to both antis and suffragists in their respective headquarters today.

Returns from 16 states will be watched with the keenest interest Tuesday night. In nine of them, already permitting women to vote, it will be determined just how solidly the women voters can be held in line for "The cause." In those states the word has gone forth to cut all Democratic nominees for the senate and house, because the Democratic party, while in power, has failed to put through an amendment to the constitution permitting women to vote. These states are Colorado, Kansas, Arizona and Oregon.

In seven of the states constitutional amendments permitting women to vote are up. These are Missouri, North Dakota, Ohio, Nebraska, Nevada, South Dakota and Montana.

Two separate organizations are in charge of the two kinds of campaigns, one handling the fight against the election of Democratic congressmen and the other fighting for the conquest of the seven additional states.

"The individual stand taken by any senator or representative or any candidate for that office does not affect our attitude in this fight," said Miss Alice Paul, chairman of the executive committee of the congressional union for woman suffrage, in charge of that division of the fight today. "We are going to make it plain that it is political suicide for any party to ignore our demands, or oppose the cause. We think we will make such a conclusive showing in the nine suffrage states Tuesday that no party after that will dare oppose us."

"Will you oppose President Wilson two years from now?" she was asked.

"Our fight will have been won and forgotten by then," she retorted.

"In the fight for suffrage amendments Miss Paul said the best chances of winning were in Ohio and Nebraska, with Nevada, South Dakota, and Montana following in the order named. The poorest chances of winning was in Missouri and North Dakota," she said.

At anti-suffrage headquarters, Mrs. J. A. Mahon declared the chances of the suffragists were nil in Ohio.

"We beat them by 80,000 two years ago," she said, "and while there are complications now, we will still beat badly. In Nebraska we don't see that Bryan's statement will help them any. He has never seemed to us to be very strong in his own state. Indeed we are hopeful in all seven states."

RUSSIANS DEFEAT THE HUNGARIANS

Retake Czernowitz, Capitol of Bukovina, From Which Left Wing Withdrew to Aid Along San.

NATIVE SOLDIERS TORTURED

(By United Press.)

Bucharest, Rumania, Nov. 2.—Czernowitz capital of Bukovina, which was re-occupied by the Hungarian troops following the withdrawal of the Russian left wing to aid in the fighting along the San, was retaken by the Russians Sunday, following a severe battle, according to a special dispatch from there today. The Hungarians it is stated, were defeated with heavy losses.

The special alleges that during the occupation of the city by the Hungarian troops all native soldiers of Slav or Rumanian origin were publicly tortured and hanged.

CONSCIENCE IN POLITICS NEEDED

Continued from Page 1.

ticians a conscience which rises above such things. We have plenty of law on the subject of vote buying. Is it not practiced by the politicians? The following incident reflects the truth. A judge asked a foreigner why he wanted to become a citizen of the United States. He replied, 'So I can sell my vote.' Are we going to knock down the office to the highest bidder as in her decadence Rome did the imperial crown? If so we shall put the balance of power into the hands of the venal citizen.

Each citizen should conscientiously exercise the right of suffrage. It is wrong to stay away from the polls. Ruskin does not commend himself to us when he tells us he never voted for anybody. If lofty minded men like Ruskin stayed away from the polls they will turn the government over to the bosses and corrupt politicians. In ancient Greece on election days the servants of the state carried a rope chalked red through the streets; and every citizen who received upon his toga a red stain, and did not exercise his duties as a citizen was fined as an enemy of the state. We are enemies of the state when by our indifference we permit the reins of government to fall into venal hands.

One should exercise his conscience in the kind of vote he deposits. If one is to vote his conscience every vote must record a conviction. All parties at times have undesirable candidates and platforms. The conscientious citizen must therefore reserve the right to rise above prejudicial partisanship. If this is not done, then the venal floating vote will always exercise the balance of power. He who votes the conscience vote will vote for men and measures. Such voting will alone secure to the public the right kind of candidates and the right kind of issues. This is the spirit in which Whittier wrote 'The poor voter on election day.'

'While there's a right to need my vote,

A wrong to sweep away,
Up clouted knee and ragged coat!
A man's a man today.'

Better Babies.

The crusade for better babies has spread from coast to coast, and taken firm hold of American Mothers. Few women realize how much the ill health of the mother influences the unborn child, both physically and mentally. Women who suffer from mysterious pains, backache, nervousness, mental depression, headaches, etc., should rely on Lydia E. Pinkham's Vegetable Compound, made from roots and herbs, which for nearly forty years has been the standard remedy for these ailments. (Advertisement.)

CHANGE IN TIME AND OFFICIALS

C. O. Warfel Becomes Superintendent of the I. & C. and Lewis W. Henry Chief Clerk.

LIVELY GOES TO MICHIGAN

On New Schedule Effective Sunday

Dispatches Are Removed and Number of Trains Cut Down.

Changes in the officials as well as in the time were effective on the Indianapolis & Cincinnati Traction company Sunday. Charles O. Warfel, who has been chief clerk to Charles L. Henry, president and general manager of the I. & C., became superintendent of the road yesterday and Lewis W. Henry was made chief clerk. Oscar Lively, who has been superintendent, has gone to Jackson, Michigan, where he will take employment with a traction line. Edgar Bates, formerly at the Ninety-Nine cent store is the new night agent and Frank Griffin, who has been night agent, was made the day agent.

Yesterday was the first change in time since February 1. The dispatches on this division and the expresses on the Greensburg division were taken off. There are now no through cars between here and Indianapolis. All trains, both east and west, between here and Connersville, make all local stops. There were formerly seventeen trains between Indianapolis and Connersville, but now there are only twelve, two of the fourteen leaving Indianapolis stopping here.

Greensburg has fewer cars to and from Indianapolis than Connersville. There are only eleven which make the complete trip. On the old schedule there were seventeen cars a day. All trains between Greensburg and Shelbyville make local stops, with the exception of one train running from Greensburg to Indianapolis.

The line is operated differently under the new schedule. Formerly a train made a continuous trip from Greensburg to Connersville, but now each division will be operated separately. There will be one train crew on each division put on the extra list by reason of the change in time.

Since the two dispatches on the local division have been taken off, there are two limited trains at about the same time which make almost as fast time as the dispatches did. There is a limited to Indianapolis in the morning, leaving here at 8:57 and arriving in Indianapolis at 10:04. In place of the evening dispatch which left here at 5:04 there is a limited train at 4:57, arriving at Indianapolis at 6:14. The car which has been leaving Indianapolis for Connersville at 11:30 at night is still on the schedule. The last car out of Connersville at night now is 10:30, the car leaving there at 11:00 o'clock and running only to this city having been taken off. There are four limiteds and ten locals out of Indianapolis each day for this city and ten locals and four limiteds from this city to Indianapolis each day.

the valves are easily removed through the base of the pump as the illustrations show. The cost is little more than the price of the repair. You can do it. The only tool needed is a monkey wrench.

Compare this with the time, trouble and expense of removing ordinary pumps from the well, to make the same repair. You see it's not the cost of the leather but the cost of putting it on.

This and other economical features of 'So Easy-To-Fix' pumps will be explained at your request.

G. O. P. IS BAND WAGON BRIGADE

Rush Begins in Earnest in Marion County After Light is Thrown On O'Brien

WHAT PRACTICE VOTE SHOWS

In Strong Bull Moose Neighborhood In Indianapolis Miller Gets More Votes Than Opponents

Indianapolis, Ind., Nov. 2.—The band wagon rush towards the Republicans began in earnest in Marion county when John F. O'Brien, alias Frank X. O'Brien, a man with a criminal record, was forced off the Marion county Democratic ticket by order of court.

Ed Stigelmeyer Progressive ward chairman of the tenth ward in the city of Indianapolis during the 1912 and 1913 campaigns, last night in a formal statement announced his intention of supporting the whole Republican ticket. Mr. Stigelmeyer who was recognized as one of the most active and effective workers in the local Bull Moose organization, said that his decision to support the Republican party was based on a careful investigation that he had made during the past few weeks. He said that he had found that the Progressive party was now but a mere shadow of what it was in 1912. "The drift towards the Republicans is tremendous" said Mr. Stigelmeyer. "One of my German friends has just completed a poll of 50 south side German Democrats and found that they would cast their votes this year as follows: Republicans, 40; Democrats, 2; Bull Moose, 3; scattering, 5."

One of the most interesting and significant polls that has been presented to date was the totals taken

From a practice voting machine that has been stationed in a former Bull Moose neighborhood. At the end of three days practice voting the machine was opened and the following totals were revealed: for United States senator were revealed:

Miller (Rep) 331, Shively (Dem) 226, Beveridge (Bull Moose) 46.

Predictions have been made freely of late by Democratic machine leaders and the bosses of the Bull Moose organization that Beveridge chronic candidate for office would run much stronger than his ticket. The figures taken from this voting machine tell a different story—they reveal the fact like Hiram Johnson of California, Beveridge will not prove stronger than his ticket. The totals from this machine showed that Beveridge did not receive as many votes as did Brown, Bull Moose candidate for county treasurer, the totals on this contest being:

Soubrier (Rep) 328, Lyons (Dem) 228, Brown (Bull Moose) 48.

A poll taken by a well known Indianapolis attorney on an interurban that left Franklin at 9:28 yesterday morning resulted as follows: Republicans, 12; Democrats, 6; Bull Moose 4; Prohibitionists, 2.

SHORT COURSE TO BE HELD HERE

Continued from Page 1.

all probability cover the local expenses. This is estimated from what it has taken to run short courses in other counties. The money to defray the local expenses is raised by selling tickets to the short course at fifty cents each. The tickets are for all programs of the short course.

So the sale of four hundred tickets would defray the expenses of the course and Mr. Frier assured the crowd that there need not be any worry on that score. He said it would be an easy matter to dispose of that many tickets in Rush county.

On the one hand Purdue agrees, as stated by Mr. Frier, to bring eight instructors and demonstrators here for the course free of charge, their railroad fare to this city to be paid by Purdue; number of high class, typical animals to be used in the live stock judging; charts and demonstration materials which can not be obtained in Rush county; printed score cards for stock judging, corn judging, etc., a special car to carry live stock and other materials.

Rush county, in accepting the short course, agrees to pay all hotel expenses of the instructors, freight if any, on the live stock and other materials, and to furnish the stable and feed for the stock during the course. Purdue will arrange the course so that the traveling expenses can be held to the very lowest point.

The county where the short course is held must further agree to furnish rooms suitable for the lectures, corn judging, stock judging and domestic science demonstrations. The department has found that in many places business men have furnished such rooms free of charge. It is advised that rooms be obtained at as low a cost as possible.

It is further asked that the local organization print suitable programs and properly advertise the course, and agree to sell at least three hundred membership tickets in advance to be used to defray the expenses of the course.

MAY HAVE TO GO TO JAIL YET

Bull Moose Party is in Danger Because it Hasn't Complied With Federal Act

NO CONSTRUCTION REPORTED

Penalty is Fine of Not More Than \$1,000 or Imprisonment Not More Than Year or Both

Washington, Nov. 2.—The Bull Moose party is in danger of having to go to jail. It is the only one of the political parties which maintains a national organization that has failed to comply with the Federal corrupt practices law requiring political committees to report their contributions and expenditures not less than 10 days before an election.

The penalty feature of the law provides: "That every person willfully violating any of the provisions of this act shall, upon conviction, be fined not more than \$1,000 or imprisoned not more than one year, or both."

Not only has the Progressive Congressional Committee not complied with the law, but a large number of Progressive candidates for Congress have failed to comply with the statute. Six Ohio Progressive congressional candidates have failed to report.

The only Indiana congressional candidate who has failed to report is C. S. Ford of Kokomo, Bull Moose candidate in the Ninth Indiana District.

Only three Kentucky congressional candidates have not complied with the law, and all of them are Progressives.

AMBASSADORS ARE LEAVING

Reported Turkey Has Retained All of Russian Consular Representatives as Hostages.

SEVERS RELATIONS

(By United Press.)

Bordeaux, Nov. 2.—It was officially announced here this afternoon that France, in common with her allies, has severed diplomatic relations with Turkey. The French interests in Turkey have been turned over to the United States.

MORGENTHAU HEARD FROM.

(By United Press.)

Washington, Nov. 2.—American communication with Constantinople was re-opened shortly after noon today, when a message from Ambassador Morgenthau was forwarded to the state department. The last previous message from him was filed at 11 p. m. October 30.

(By United Press.)

London, Nov. 2.—The Turkish situation demanded the attention of high officials today. Communication with Constantinople ceased immediately following the departure from the capital of the ambassadors of Britain France and Russia. It is reported, however, that Turkey has detained all of the Russian consular representatives as hostages for the Turkish representatives now in Russia. The belief is that they will be shortly released as Petrograd ad-

vices say the Turkish ambassador to Russia, his staff and the various Turkish consuls have started for home.

Circumstantial reports of a Turkish invasion of Egypt gained wide circulation this afternoon. The government claims to be without confirmation. There was no apprehension. The Turkey's participation in the war is accepted as a matter of course and steps have been taken to carry hostilities directly to her. Just what will be done is still a carefully guarded secret.

The Turkish ambassador to England will leave tomorrow for home. He was handed his passport this afternoon.

Simultaneous with this action here the Turkish charge de affairs of Petrograd was handed his passport.

The reports persist that 8 army corps of Turkish troops have already crossed the Egyptian frontier. The official press bureau, however while permitting publication of the report has no confirmation.

A rigid censorship is in effect on news from the East. This is believed to be due to plans on the part of the France-British fleet to attack the forts of the Dardanelles. Reports reaching here from Italian sources indicate that the heavy battleships, battle cruisers and armored cruisers of the fleets which have been bombarding Cattaro at the mouth of the Adriatic steamed away from there Saturday in an easterly direction. It is believed they have proceeded to the naval base tendered at the outbreak of the war by Greece, from which they will be in striking distance of the Dardanelles.

The assertion is made here that the Turks can do little damage in an invasion of Egypt. Earl Kitchener has taken every precaution. He has been convinced from the outset of the war that Germany would involve Turkey and has taken measures accordingly. There is not a foot of the Suez canal which is not closely guarded by British troops. Every stranger who has landed in Egypt since inception of the war has been subject to the closest espionage. Austrian and German steamers and sailing craft have been taken as

prizes of war. It is further insisted here that, even though the Sultan carries out his threat as received via Berlin and declares a holy war, the Egyptian troops will remain loyal. The reparation between church and state so far as the Mohammedans are concerned, has been greatly emphasized in the last few years and the Sultan's edicts are no longer accepted without question.

It is reported here that a new Turkish cabinet is being formed which will be made up entirely of Young Turks and which will eliminate the few ministers who have opposed war. Enver Bey will remain at his post as war minister but the new cabinet will be picked by General Lemau Von Sanders, the German dictator who is now running everything Turkish. It was due entirely to Von Sanders influence that Turkey was lined up on the side of the Germans.

FAILED TO CHECK ALLIES COLUMNS

Germans Continue Violent Attacks Between Dixmude and Lys Without Avail, Paris Says.

FRENCH MAKING PROGRESS

(By United Press.)

Paris, Nov. 2.—Despite all efforts on the part of the Germans, who are making a most determined resistance, especially between Dixmude and the Lys, the allies are continuing their enveloping movement and are driving the enemy before them. The official communique this afternoon emphasized this fact. It stated that the Germans in the north were continuing attacks of a most violent character but that they had failed to check the allied columns.

The German attack on Arras is declared to have failed and the French are making progress at several points in that vicinity. The German artillery bombardment continues in the regions of Rheims, the Argonne and the heights of the Meuse but it is characterized as generally ineffective.

U. S. CONSUL DETAINED

Forced to Flee From Ostend, he is Held at Ghent.

(By United Press.)

Washington, Nov. 2.—American Consul Johnson of Ostend is detained at Ghent, according to an official message to this government today. The Ostend consulate, another message said, was closed Saturday. Johnson reported he is well, but for some reason he was forced to flee from Ostend and is now unable to leave Ghent.

MYSTERY SURROUNDS U-9

Location of Famous Submarine Which Did Much Damage Doubtful.

(By United Press.)

London, Nov. 2.—Mystery surrounds the noted submarine U-9 which has left a trail of sunken British warships in its wake. One report from Amsterdam says that it is floating in a disabled condition fifteen miles off the coast of Holland, having snapped its propeller by getting it entangled in a fishing net. Another declares that it was caught in a net placed by a trawler, but that it was able to proceed toward its home.

LIVED HERE MANY YEARS.

It was stated in the Daily Republican in a display space that Pleasant A. Newhouse, Republican candidate for commissioner of the middle district, moved here from Jackson township, the place of his birth, "a few days ago." This was incorrect as he has lived in Rushville nine years.
